

Trailblazers

As part of working towards the Trailblazer awards Year 1 and Year R regularly take their learning outdoors. It has been shown that children's learning is greatly enhanced by outdoor learning.

We have studied nature, discovered forces, practised our phonics, written poems, estimated trees, carried out surveys. We also celebrate festivals like St George's Day and Holi with activities and dancing out of doors.

The type of Trailblazer award we receive at the end of the year depends on how many hours we have worked out of doors. For the Bronze award we will all need to have been learning outside for 40 hours. We hope to maybe achieve our Silver award (60 hours) or even our Gold award (80 hours).
