

# Perseverance

We want learners to believe they can achieve, develop their ability to keep on trying and to recognise that mistakes are a key part to learning.

## Is about:

- Confidence
- Reflection
- Self esteem
- Flexibility
- Exploration
- Evaluation
- Achievement
- Problem solving
- Independence

## Learners in our school will:

- Feel they can achieve
- Strive for the best
- Feel the excitement of new experiences
- Ask questions of themselves
- Accept setbacks and disappointments
- Be adaptable
- Accept new ideas and experiences
- Have open expectations
- Know their next steps
- Work cooperatively
- Look for strategies to solve problems
- Use resources independently
- Know when to ask for help

## Grown ups in our school will:

- Have high expectations
- Pursue learners interests
- Respond positively to individual efforts
- Value the importance of learning from mistakes
- Share and model examples of their own perseverance
- Be clear about next steps for learning
- Teach reflective thinking
- Encourage
- Make children aware of ways they can help themselves
- Explain things in different ways
